NOTIFICATION REGARDING THE ENVIRONMENTAL AUTHORIZATION APPLICATION AND WATER USE LICENSING FOR THE CITY OF EKURHULENI WETLAND AND WATERCOURSE REHABILITATION PLANNING PROJECT WITHIN THE BETHESPRUIT CATCHMENT

Notice is given in terms of Chapter 6 of the Environmental Impact Assessment (EIA) Regulations, 2014 (GN R. 962) promulgated under the National Environmental Management Act (NEMA), of an application for Environmental Authorization (EA) for the Wetland and Watercourse Rehabilitation Planning Project along various wetlands and watercourses within the Bethespruit Catchment within the City of Ekurhuleni. The proposed project will trigger listed activities 5.2, 18, 27, 35, 48 and 67 in terms of GMR 193 and activities 12, 14 and 23 of GMR 195 which will require a Basic Assessment Application process to be followed. A Water Use License Application through the General Authorisation registration process for Section 21 (4) and (5) water use is also being applied for in terms of National Water Act (Act 36 of 1998).

Name of Applicant: City of Ekurhuleni

Network of Activities: The City of Ekurhuleni wishes to perform wetland and watercourse rehabilitation planning within the Bethespruit Catchment. The proposed project is anticipated to involve the maintenance or improvements to existing stream structures (gullies, weirs, culverts, etc.) as well as new stream structures with the aim of preventing further degradation of the wetlands and watercourses. In addition, various peripheral improvements are proposed in and around wetlands and watercourses such as walkways, signposts, litter collection points, waste removal and general rehabilitation of the natural environment. The aim of the project is to enhance wetland and watercourse functionality, improve water quality and provide for continued yet structured community use of the open space options.

Location: The proposed rehabilitation projects are located along certain watercourses within the Bethespruit catchment within the City of Ekurhuleni in Gauteng Province. Please refer to locality map.

Registration and Comments: As a potential BAP, you are invited to register and comment on the project. Should you have any comments or input regarding the project, or should you require any additional information, please contact EIMS telephonically, or in writing **by no later than the 01st March 2022** using the contact details below. Please include the project reference number (1230) in all correspondence. Furthermore, please note that only registered BAPs will be informed of any project information post this registration period.
