

PROVINCIAL NOTICE 104 OF 2018**NOTIFICATION REGARDING OPPORTUNITY TO PARTICIPATE IN VARIOUS ENVIRONMENTAL LICENCING PROCESSES FOR MBUYELO COAL'S MANUNGU COLLIERY IN THE VICTOR KHANYE LOCAL MUNICIPALITY, MPUMALANGA PROVINCE**

Notice is given in terms of Chapter 6 of the Environmental Impact Assessment (EIA) Regulations, 2014 (GN R. 982) promulgated under the National Environmental Management Act (Act 107 of 1998) (NEMA), of applications for Environmental Authorisation (EA) (i.e.: Scoping and Environmental Impact Report (S&EIR)), Integrated Water Use Licence (IWUL) and Waste Management Licence (WML) for the proposed new infrastructure and facilities as well as amendment applications to the existing EA/EMP and IWUL, on Manungu Colliery.

Name of Applicant: Tshedza Mining Resources (Pty) Ltd. (a subsidiary of Mbuyelo Coal (Pty) Ltd.)

EIMS Reference Number: 1177

Existing Approved Mining Right Reference Number: MP 30/5/1/2/2/297 MR

Nature of Activity:

Tshedza wishes to expand their mining activities to accommodate an extended Life of Mine (LOM) plan based on currently quantified reserves which extends mining activities outside of the current NEMA, National Environmental Management Waste Act (NEMWA), and National Water Act (NWA) approved areas. All proposed mine expansion activities (e.g.: opencast and underground mining, stockpile areas, etc.) will be contained within the approved mining right boundary, and environmental approvals will be sought for various mining related activities.

As part of the application processes, Tshedza further intends to include the licencing of new boreholes for domestic consumption, a french drain system to complement the septic tank system and establish a coal processing facility (wash plant) in order to complement the existing beneficiation facility (crushing and screening plant). Furthermore, various options are to be considered to manage expected water volumes within the pollution control dam. As part of this application, various amendments to the existing EA/EMP as well as IWUL will also be applied for in order to align the specific conditions with the current status of the mine as well as to clarify certain conditions. Where relevant, a Section 102 amendment application will be undertaken in terms of the Mineral and Petroleum Resources Development Act (Act 28 of 2002).

Location:

The existing Manungu Colliery is located approximately 9km south of the town of Delmas in Victor Khanye Local Municipality, within the Nkangala District Municipality, Mpumalanga Province, South Africa. The approved mining right (MR) comprises of all portions of the farms Weilaagte 271 IR and Welgevonden 272 IR. The proposed mining activities will occur on portions 5, 6, 7, 8 and 9 of the farm Weilaagte 271 IR and portions 1, 2, 3, 4, 6, 10, 11, 12, 14, 16, 17, 18, 19 and the remaining extent of the farm Welgevonden 272 IR. The below-mentioned activities will all occur within the existing mining right area. The geographic coordinates at the center of the site are approximately: 26°14'33.09" S and 28°41'28.22" E.

Registration and Comment

As a potential Interested and Affected Party (I&AP), you are invited to register and comment on the project. **All I&AP's whom have registered during the initial notification periods held during 2017-2018 for this project will remain registered moving forward.** Should you have any comments or concerns regarding the project, or should you require any additional information, please contact EIMS telephonically, or in writing by no later than the 13th August 2018, using the contact details below. Please include the project reference number (1177) in all correspondence. Furthermore, please note that only registered I&APs will be informed of any project information post this registration period.

• WINTERKONKOKSIES •

Winter= verkoue en griep

STREEK- Watter winterkonkoksies het jy in jou mou om verkoue en griep die winter baas te raak? Deel jou geheime met die gemeenskap... Stuur dit per e-pos na delmas@streeknuus.co.za of per WhatsApp na 0082 868 3879

Talitha van Niekerk van Sundra- Gebruik vir hoes en griep.

Indien 'n persoon baie hoes, neem Vaseline en smeer die persoon se rug met Vaseline, verkieslik wit Vaseline (Vaseline maak warm, Vicks maak koud). Laat die persoon sy/ haar bors met Vaseline smeer, gaan rus en maak die persoon warm toe. Ook baie goed as die persoon sy of haar neus met Vicks smeer en selfs stukkie Vicks eet.

Hoesstroop resep:

2x Botteltjies Turlington
2x Botteltjies Borsdruppels
1x Botteltjie Peppermint druppels
500g Heuning
500ml Gemmer brandewyn
2 Eetlepels kaneel

Meng alles goed saam, en eet 'n eetlepel vol 4x per dag.

Hoes, nies en proes...
griep & verkoue...

Watter konkoksies en boerate het jy in jou mou om die winter baas te raak?

Deel jou geheime met die gemeenskap...

STREEK

Ponie in haglike toestand

DELMAS- Op Sondag, 15 het personeel van die Delmas Animal Shelter 'n oproep ontvang oor 'n miniatuur ponie wat onder die mees verskriklike toestande leef.

Op ondersoek het lede van die "Shelter" bevestig dat die klaer geensins die beskrywing van die perdjie se toestand oordryf het nie.

Sy het een van haar oë verloor. Al wat oorbly is 'n leë oogkassie wat mediese behandeling moet ontvang om verdere skade of infeksie te verhoed. Verder, is haar agterhoeuwe amper, in die ou taal, sowat vyf duim (12 cm) lank wat amper soos dwergieskoene gelyk het.

Na onderhandelinge waar daar verskeie keuses aan die eienaar voorgelê is insluitend 'n klag van diere-mishandeling, is daar besluit om die ponie onder die sorg van die Delmas Animal Shelter, te plaas.

Op Maandag het 'n hoefsmid 'n draai by die Shelter gemaak het om die dapper diertjie 'n welverdiende "pedicure" te gee. Dit was noodsaaklik om die pyn in haar bene en lyfie te verlig.

Die personeel van die Delmas Animal Shelter wil graag hê die merrie moet weer haar sin van waardigheid vind.

Om dit te doen verg finansieële hulp van uit die gemeenskap.

KENNISGEWING AANGAANDE GELEENTHEID VIR DEELNAME AAN VERSEKIE OMGEWINGS LSENSIERING PROSESSE VIR DIE MBUYELO COAL MANUNGU STEENKOOLOGYN IN DIE VICTOR KHANYE PLAASLIKE MUNISIPALITEIT, MPUMALANGA PROVINSIE

Kennis geskied hiermee ingevolge Hoofstuk 6 van die Omgewingsimpakstudie (EIA) Regulasies, 2014 (GN R. 982) uitgevaardig kragtens die Wet op Nasionale Omgewingsbestuur (Wet 107 van 1998) (NEMA), van aansoek vir Omgewingsmagtiging (EA) (dit wil sê: Omvangsbepaling en Omgewingsimpakverslag (S&EIR), Geïntegreerde Watergebruikslisensie (IWUL) en Afvalbestuurslisensie (WML) vir die voorgestelde nuwe infrastruktuur en fasiliteite asook wysiging aansoek aan die bestaande EA/EMP en IWUL, vir die Manungu steenkoolmyne.

Naam van Applikant: Tshedza Mining Resources (Pty) Ltd. ('n filiaal van Mbuyelo Coal (Pty) Ltd.)
EIMS Verwysingsnommer: 1177

Bestaande Goedgekeurde Mynregte Verwysingsnommer: MP 30/5/11/2/2/297 MR

Beskrywing van Aktiwiteite:

Tshedza wil hul mynbewerkinge uitbrei om hul verlengde mynlewe (LoM) plan, wat gebaseer is op huidige gekwantifiseerde reserves, te akkommodeer. Die uitbreidingsrek buite die huidige NEMA, Wet op Nasionale Omgewingsbestuur: Afval Wet (NEMWA), en die Nasionale Waterwet (NWA) goedgekeurde areas. Alle voorgestelde myn uitbreidingsaktiwiteite (bv.: oop groef en ondergrondse mynbou, ophaal gebiede, ens) sal binne die goedgekeurde mynbou regte grens behou word, en die omgewing goedkeurings sal aansoek voorgedoen word vir verskeie mynbou-verwante aktiwiteite.

As deel van die aansoek prosesse, is Tshedza Mining Resources se voorneme om verder die lisensiering vir nuwe boorgate in te sluit vir huishoudelike verbruik, asook 'n stapelriool stelsel om die septiese tank stelsel aan te vul en om 'n steenkoolverwerkingsfasiliteit te vestig ten einde die bestaande veredelingsfasiliteit (breek- en siftings aanleg) aan te vul. Verder, moet verskeie opsies oorweeg word om die verwaagte water volumes binne die besouderingsbeheer-dam te bestuur. As deel van die aansoek, sal verskeie wysigings aan die bestaande EA/EMP asook IWUL aangewend word ten einde die spesifieke omstandighede in lyn met die huidige status van die myn te bring, asook om sekere kondisies te verduidelik. Waar van toepassing, sal 'n Artikel 102 wysiging aansoek gedoen word in terme van die Wet op die Ontwikkeling van Minerale en Petroleumhulpbronne (Wet 28 van 2002) (MPRDA).

Plek:

Die bestaande Manungu Steenkoolmyne is geleë ongeveer 9km suid van die dorp van Delmas in Victor Khanye Plaaslike Munisipaliteit in die Nkangala Distrik Munisipaliteit, Mpumalanga Provinsie, Suid-Afrika. Die goedgekeurde mynreg (MR) bestaan uit alle gedeeltes van die plaas Weilaagte 271 IR en Welgevonden 272 IR. Die voorgestelde myn aktiwiteite sal plaasvind op gedeeltes 5, 6, 7, 8 en 9 van die plaas Weilaagte 271 IR en gedeeltes 1, 2, 3, 4, 6, 10, 11, 12, 14, 16, 17, 18, 19 en die oorblywende uitbreiding van die plaas Welgevonden 272 IR. Die ondergenoemde aktiwiteite sal almal binne die bestaande mynreg area plaasvind. Die geografiese koördinate in die middel van die perseel is ongeveer: 26°14'33.09" S en 28°41'28.22" O.

Registrasie en Kommentaar:

As 'n potensiële Belangstellende en Geaffekteerde Party (I&AP) word u uitgenooi om te registreer en kommentaar te lewer oor die projek. Alle I&AP's wat geregistreer was gedurende die eerste kennisgewing periodes wat gehou was gedurende 2017-2018 vir hierdie projek, sal geregistreerd bly soos die projek aanbeveel. Indien u enige kommentaar of bekommernisse met betrekking tot die projek het, of indien u enige verdere inligting verlang, kan u EIMS telefonies of skriftelik kontak, teen nie later as 20 Augustus 2018 nie, met behulp van die onderstaande kontakbesonderhede. Sluit asseblief die projek verwysingsnommer (1177) in alle korrespondensie in. Verder, neem asseblief kennis dat slegs geregistreerde I&AP's in kennis gestel sal word van enige projek inligting na afloop van hierdie registrasie periode.

NOTIFICATION REGARDING OPPORTUNITY TO PARTICIPATE IN VARIOUS ENVIRONMENTAL LICENCING PROCESSES FOR MBUYELO COAL'S MANUNGU COLLIERY IN THE VICTOR KHANYE LOCAL MUNICIPALITY, MPUMALANGA PROVINCE

Notice is given in terms of Chapter 6 of the Environmental Impact Assessment (EIA) Regulations, 2014 (GNR.982) promulgated under the National Environmental Management Act (Act 107 of 1998) (NEMA), of applications for Environmental Authorisation (EA) (i.e.: Scoping and Environmental Impact Report (S&EIR), Integrated Water Use Licence (IWUL) and Waste Management Licence (WML) for the proposed new infrastructure and facilities as well as amendment applications to the existing EA/EMP and IWUL, on Manungu Colliery.

Name of Applicant: Tshedza Mining Resources (Pty) Ltd. (a subsidiary of Mbuyelo Coal (Pty) Ltd.)
EIMS Reference Number: 1177

Existing Approved Mining Right Reference Number: MP 30/5/11/2/2/297 MR

Nature of Activity:

Tshedza wishes to expand their mining activities to accommodate an extended Life of Mine (LOM) plan based on currently quantified reserves which extends mining activities outside of the current NEMA, National Environmental Management Waste Act (NEMWA), and National Water Act (NWA) approved areas. All proposed mine expansion activities (e.g.: opencast and underground mining, stockpile areas, etc.) will be contained within the approved mining right boundary, and environmental approvals will be sought for various mining related activities.

As part of the application processes, Tshedza further intends to include the licensing of new boreholes for domestic consumption, a french drain system to complement the septic tank system and establish a coal processing facility (wash plant) in order to complement the existing beneficiation facility (crushing and screening plant). Furthermore, various options are to be considered to manage expected water volumes within the pollution control dam. As part of this application, various amendments to the existing EA/EMP as well as IWUL will also be applied for in order to align the specific conditions with the current status of the mine as well as to clarify certain conditions. Where relevant, a Section 102 amendment application will be undertaken in terms of the Mineral and Petroleum Resources Development Act (Act 28 of 2002).

Location:

The existing Manungu Colliery is located approximately 9km south of the town of Delmas in Victor Khanye Local Municipality, within the Nkangala District Municipality, Mpumalanga Province, South Africa. The approved mining right (MR) comprises of all portions of the farms Weilaagte 271 IR and Welgevonden 272 IR. The proposed mining activities will occur on portions 5, 6, 7, 8 and 9 of the farm Weilaagte 271 IR and portions 1, 2, 3, 4, 6, 10, 11, 12, 14, 16, 17, 18, 19 and the remaining extent of the farm Welgevonden 272 IR. The below-mentioned activities will all occur within the existing mining right area. The geographic coordinates at the center of the site are approximately: 26°14'33.09" S and 28°41'28.22" E.

Registration and Comment:

As a potential Interested and Affected Party (I&AP), you are invited to register and comment on the project. All I&AP's whom have registered during the initial notification periods held during 2017-2018 for this project will remain registered moving forward. Should you have any comments or concerns regarding the project, or should you require any additional information, please contact EIMS telephonically, or in writing by no later than the 20th August 2018, using the contact details below. Please include the project reference number (1177) in all correspondence. Furthermore, please note that only registered I&AP's will be informed of any project information post this registration period.
