

Comments and Responses 1304- BMM Prospecting Rights Applications Area 5

Ms Natasha Higgitt

Date 2019/08/08 Method Email

Comment

Please note that all development applications are processed via our online portal, the South African Heritage Resources Information System (SAHRIS) found at the following link: <http://sahra.org.za/sahris/>. We do not accept emailed, posted, hardcopy, faxed, website links or DropBox links as official submissions. Please create an application on SAHRIS and upload all documents pertaining to the Environmental Authorisation Application Process. As per section 38(8) of the National Heritage Resources Act, Act 25 of 1999 (NHRA), an assessment of heritage resources must form part of the process and the assessment must comply with section 38(3) of the NHRA. Once all documents including all appendices are uploaded to the case application, please ensure that the status of the case is changed from DRAFT to SUBMITTED. Please ensure that all documents produced as part of the EA process are submitted as part of the application, and are submitted to SAHRA at the beginning of the Public Review periods. Once all these documents have been uploaded, I will be able to issue an informed comment as per section 38(4) and 38(8) of the NHRA.

Response

Comments noted. EIMS registered a case on the SAHRIS portal and will upload the required documents for comment.

Mr Abraham Johannes Jordaan

Date 2019/11/26 Method Telephone

Comment

Mr Jordaan Responded to EIMS notification via SMS to confirm that he was the landowner and should be contacted for access to the property.

Response

EIMS confirmed that Mr Jordaan would be contacted should access be required. Mr Jordaan was also provided with the documentation regarding the project.

Mr Hendrik Nicolaas Schrijvershof

Date 2019/09/16 Method Telephone

Comment

Mr Schrijvershof enquired about the project and what activities were planned for the prospecting. He also enquired regarding the potential impacts listed and raised the concern of safety on the farm should strangers have access to the farm. He also confirmed that there was a drought in the area and they already had water shortages.

Response

EIMS confirmed the proposed project activities as per the information provided to Mr Schrijvershof in the BID. It was confirmed that should the project receive approval, the initial activities would not involve invasive techniques, and that where there was invasive prospecting, these would be very small scale and localised. His contact details were confirmed to be correct.

Date 2020/02/10 Method Questionnaire

Response

Comments and Responses 1304- BMM Prospecting Rights Applications Area 5

Mr Hendrik Nicolaas Schrijvershof

Mr Schrijvershof confirmed that they farm with sheep and that there was a house, 2 stores, 3 boreholes, livestock watering and electrical fences on the property. He mentioned that there were graves from an old tribal conflict that may be on historical value. He provided a letter detailing the receiving environment and raised concern regarding the groundwater, pollution, and removal of vegetation. He mentioned that he was not in favour of disturbance due to the long time it takes for the veld to recover. He mentioned the clean air and was concerned regarding crime. He did not have a problem with mining in principle, but could not allow his farm to be negatively affected by mining after working so hard for it. Especially given his past experiences with mining Manganese. He stated that they should first fly with the aeroplanes and then buy him out.

EIMS confirmed that the majority of the prospecting will be done with non-invasive methods and only then will there be more invasive drilling done once these areas have been identified. It was mentioned that the EMPR would contain conditions to ensure protection of the environment from pollution and dust and that landowner agreements and access arrangement would have to be made prior to commencing.

Mr Andre Swart

Date 2020/02/10 Method Questionnaire

Comment

Mr Swart submitted a questionnaire and confirmed that they have an adjacent farm to the prospecting area. He mentioned that Eskom had a servitude. They used the farm for livestock farming. Additional Eskom lines are being proposed. He was concerned about sustainability of agriculture vs short terms unsustainable mining. He suggested a full impact assessment.

Response

Mr Swart's comments were noted. Eskom were registered on the Database for the project. His concerns were addressed in the Basic Assessment Report and EMPR.

Mr Gary Watkins

Date 2019/09/03 Method Email

Comment

Please register the writer as an interested and affected party and forward a copy of the draft BAR and EMPr for review.

Response

This email serves to confirm that you have been registered as an interested and affected party for this project. A copy of the Draft BAR and EMPR will be made available in due course.

Subject: RE: NOTIFICATION REGARDING AN APPLICATION FOR A PROSPECTING RIGHT AND ENVIRONMENTAL AUTHORISATION SEVERAL FARM PORTIONS (AREA 5- GROOT KOLK) WITHIN THE ZF MGCAWU DISTRICT MUNICIPALITY IN THE NORTHERN CAPE PROVINCE

From: Natasha Higgitt <nhiggitt@sahra.org.za>

Date: 2019/08/08, 08:20

To: "grootkolk@eims.co.za" <grootkolk@eims.co.za>

Good morning,

Please note that all development applications are processed via our online portal, the South African Heritage Resources Information System (SAHRIS) found at the following link: <http://sahra.org.za/sahris/>. We do not accept emailed, posted, hardcopy, faxed, website links or DropBox links as official submissions.

Please create an application on SAHRIS and upload all documents pertaining to the Environmental Authorisation Application Process. As per section 38(8) of the National Heritage Resources Act, Act 25 of 1999 (NHRA), an assessment of heritage resources must form part of the process and the assessment must comply with section 38(3) of the NHRA.

Once all documents including all appendices are uploaded to the case application, please ensure that the status of the case is changed from DRAFT to SUBMITTED. Please ensure that all documents produced as part of the EA process are submitted as part of the application, and are submitted to SAHRA at the beginning of the Public Review periods. Once all these documents have been uploaded, I will be able to issue an informed comment as per section 38(4) and 38(8) of the NHRA.

Kind regards,

From: EIMS Groot Kolk <grootkolk@eims.co.za>

Sent: Wednesday, August 07, 2019 10:18 PM

Subject: NOTIFICATION REGARDING AN APPLICATION FOR A PROSPECTING RIGHT AND ENVIRONMENTAL AUTHORISATION SEVERAL FARM PORTIONS (AREA 5- GROOT KOLK) WITHIN THE ZF MGCAWU DISTRICT MUNICIPALITY IN THE NORTHERN CAPE PROVINCE

Dear Interested and Affected Party

Environmental Impact Management Services (Pty) Ltd (EIMS) has been appointed by Black Mountain Mining (Pty) Ltd – hereafter referred to as the applicant – to prepare and submit a Basic Assessment Report (BAR), Environmental Management Programme (EMPR), as well as an Integrated Interested and Affected Party (I&AP) Consultation process, in support of a prospecting right application and Environmental Authorisation.

The prospecting right application will be undertaken in accordance with the requirements of the Minerals and Petroleum Resources Development Act (Act 28 of 2002, as amended) (MPRDA) and the associated regulations, and the National Environmental Management Act (Act 107 of 1998, as amended) (NEMA) and the associated regulations, and has been lodged at the Department of Mineral Resources (DMR) – Northern Cape.

The applicant, Black Mountain Mining (Pty) Ltd, is applying for a prospecting right application in order to ascertain if economically viable mineral deposits exist within the application area for the following: Ferrous & base metals (Copper, Iron, Lead, Zinc, Manganese, Nickel, Molybdenum) and all associated metals and minerals, precious metals (Gold, Silver) and all associated metals and minerals. Both non-invasive and invasive prospecting techniques will be utilized.

The Groot Kolk Application Area covers an area of about 30 150,5 hectares. The area is located approximately 187 kilometres South West of the town of Upington and 193 km kilometres South East of the town of Aggeneys, Namaqualand District, Northern Cape Province. The affected farm portions are provided in the attached background information document. It should be noted that these properties may change after acceptance of the Prospecting Right Applications by the DMR. Should the application area change, the updated properties will be provided in the draft Basic Assessment Report which will be available for public comment.

The application for a prospecting right and environmental authorisation process will be carried out as stipulated in Section 16 of the MPRDA and Chapter 4 of the Environmental Impact Assessment (EIA) Regulations, 2014 (GNR 326) promulgated under the NEMA. A public notification and involvement process is being carried out as part of the process.

This notice is in accordance with clause 16 of the MPRDA and Chapter 6 of EIA Regulations, 2014, which requires that Black Mountain Mining (Pty) Ltd notify in writing and consult with the land owner or lawful occupier and any other affected party. In this regard, **we would like to ask the landowners to please notify their respective property occupiers about the proposed development or send us the occupiers' contact details so that we may notify them and include them in the Public Participation Process for this project.** The results of the consultation will be included in the BAR submission in order for the DMR to adjudicate on the application.

Interested and Affected Parties (I&AP's) are provided an opportunity to register and comment on the proposed activity and application. In order to ensure that you are identified and registered as an interested and affected party (I&AP) please submit your name, contact details and the reason for your interest, in writing or telephonically, to Environmental Impact Management Services (Pty) Ltd (Contact details are provided at the end of this letter). Please include the project reference number 1304-5 in all correspondence.

Please note that only registered I&AP's will be informed of any project information. Comments will be included in the final BAR, to be submitted to the DMR at the end of the process. Please include comments, concerns and suggestions to be submitted and considered by the DMR.

Should you have concerns or comments (including those relating to environmental and social impacts) please include them in the attached questionnaire. A copy of the background information document has also been included for your information.

Any queries, comments, or concerns with regards to this application can be directed to EIMS at:

- Contact person: GP Kriel
- E-mail: grootkolk@eims.co.za
- Fax: 086 571 9047
- Tel: (043) 722 7572
- Postal address: P.O. Box 19731, Tecoma, 5214
- Reference no: 1304-5

Please feel free to contact the undersigned if you have any queries or concerns.

Sincerely,

GP Kriel

Natasha Higgitt

Subject: KENNISGEWING MET BETREKKING TOT 'N AANSOEK VIR 'N PROSPEKTEERREG EN OMGEWINGSMAGTIGING OP GIEBIED 5- GROOT KOLK BINNE DIE ZF MGCAWU DISTRIK MUNISIPALITEIT IN DIE NOORD-KAAP PROVINSIE

From: EIMS Groot Kolk <grootkolk@eims.co.za>

Date: 2019/11/26, 15:38

To: ajor@telkomsa.net

Geagte Belanghebbende en Geaffekteerde Party,

Environmental Impact Management Services (Edms) Bpk (EIMS) is aangestel deur Black Mountain Mining (Edms) Bpk – die Aansoeker – vir die voorbereiding en indiening van 'n Basiese evalueringsverslag (BAR) en Omgewingsbestuursprogram (EMPR), sowel as die uitvoering van 'n geïntegreerde openbare deelname proses ter ondersteuning van 'n aansoek vir 'n Prospekterreg en Omgewingsmagting.

Die Prospekterreg aansoek sal in ooreenstemming wees met die vereistes van die Minerale en Petroleum Hulpbron Ontwikkelings Wet (Wet 28 van 2002, soos gewysig) (MPRDA) en die gepaardgaande regulasies; asook die Nasionale Wet op Omgewingsbestuur (Wet 107 van 1998, soos gewysig) (NEMA) en die gepaardgaande regulasies, wat ingedien sal word by die Departement van Minerale Hulpbronne (DMR) Noord-Kaap.

Black Mountain Mining (Edms) Bpk, het 'n aansoek vir 'n Prospekterreg ingedien om te bepaal of ekonomiese lewensvatbare minerale bronne van Ysterhoudende en basismetale (Koper, Yster Lood, Sink, Mangaan, Nikkel en Molibdeen) en alle verwante metale en minerale. Edelmetale (gouderts, silwererts) en alle verwante metale en minerale in die aansoek area voorkom Beide nie-indringende en indringende prospekteringsstegnieke sal toegepas word. Die teiken geologiese formasie is die Boesmanland Groep.

Die Groot Kolk Projek Area strek oor 'n oppervlak van ongeveer 30 150,5 hektaar. Die voorgestelde prospektering gebied is ongeveer 187 kilometers Suid Wes van die dorp Upington en 193 kilometer Suid Oos van die dorp Aggeneys, Namakwa-distrik, Noord-Kaap Provinsie. Die betrokke eiendomme en plase word in die aangehegte agtergrondinlitingsdokument aangedui. Hierdie eiendomme kan verander na die aanvaarding van die Prospekterreg- aansoeke deur die DMR. Indien die aansoekarea verander, sal die opgedateerde eiendomme in die konsep Basiese Evalueringsverslag voorsien word wat beskikbaar sal wees vir publieke kommentaar.

Hierdie aansoek vir 'n Prospekterreg en Omgewingsmagting, sal uitgevoer word volgens Artikel 16 van die MPRDA en Hoofstuk 4 van die Regulasies oor Omgewingsimpakbepaling, 2014 (GNR 326), uitgevaardig kragtens die NEMA. 'n Openbare deelname proses vorm 'n belangrike deel van die aansoek proses.

Hierdie kennisgewing geskied volgens klousule 16 van die MPRDA en Hoofstuk 6 van die Regulasies oor Omgewingsimpakbepaling, 2014, wat vereis dat Black Mountain Mining (Edms) Bpk skriftelike raadpleeg met grondeienaars, wettige huurders en geaffekteerde partye. **In hierdie verband, wil EIMS graag grondeienaars vra om asseblief alle huurders op die onderskeie eiendomme in kennis te stel van die voorgestelde ontwikkeling, of alternatiewelik huurders se kontakbesonderhede aan EIMS verskaf om te verseker dat hierdie persone ingesluit word by die openbare deelname proses en alles toekomstige kennisgewings rakende hierdie projek.** Die

resultate en uitkomste van konsultasie sal ingesluit word in die BAR wat voorgelê sal word aan die DMR vir beoordeling van hierdie aansoek.

Belanghebbende en Geaffekteerde Partye (B&GPe) word die geleentheid gebied om te registreer en kommentaar te lewer op die voorgestelde aktiwiteite. Ten einde te verseker dat u geregistreer is as 'n B&GP, verstrek asseblief u naam, kontakbesonderhede en rede vir u belangstelling aan Environmental Impact Management Services (Edms) Bpk (EIMS se kontakbesonderhede verskyn aan die einde van hierdie brief). Sluit asseblief die projek verwysingsnommer 1304-5 in alle korrespondensie in.

Let asseblief daarop dat slegs geregistreerde B&GPe in kennis gestel sal word van enige verdere projek inligting. Kommentaar sal ingesluit word in die finale BAR, wat voorgelê sal word aan die DMR aan die einde van die proses.

Indien u enige bekommernisse en/of kommentaar het (insluitend die met betrekking tot omgewings-en sosiale impakte), voltooi asseblief die aangehegte vraelys. 'n Kopie van die agtergrondinligtingsdokument (BID) is ook ingesluit by hierdie kennisgewing.

Enige navrae, kommentaar of bekommernisse te opsigte van hierdie kennisgewing kan gerig word aan EIMS by:

- Kontakpersoon: GP Kriel
- Epos: grootkolk@eims.co.za
- Faks: 086 571 9047
- Tel: 043 722 7572
- Posadres: P.O. Box 19731, Tecoma, 5214
- Verwysings no: 1304-5

Voel asseblief vry om die ondergetekende te kontak indien u enige navrae of kommentaar het.

Vriendelike groete,

GP Kriel

Geagte Mnr G.P Kriel

Hier is 'n oorsig van my volledige siening na aanleiding van ons telefoniese gesprek oor prospektering in hierdie gebied.

Ek het hierdie grond 27 Maart 2006 wettiglik gekoop. Sedertien word daar geboer met +- 400 Dorper ooie. Daar is baie gespandeer op infrastruktuur. Soos om die woonhuis bewoonbaar te maak, krale te bou, omheinig, elektriese omheinig, vee suipings, ensovoorts.

Soos ons almal weet gebruik mynbou baie water. Die boesmanland is 'n baie droë streek. Ons normale reënval is 70mm per jaar. Vir die afgelope 7 jaar was ons reënval nie eers naby dit nie. Dit is onsaglik droog.

Wat die ondergrondse water betref. Dit is net so skaars. My seining is dat daar nie met gate boor geroei moet word nie. As daar nie ondergrondse water is nie, kan jy met niks boer nie.

My swaer is soos die kraai vlieg, 40Km van my af op die plaas Pypklip. Sy boorgate droog een na die ander op. Hy het 'n Geoloog vanaf die Kaap laat kom. Na 4 gate nie 'n drupel water nie. Die besoedeling van water kan ook ramspoedige gevolge hê. Daar is niks so belangrik soos skoon water vir enige dier of mens nie.

Bogronde verwydering en besoedeling is nog 'n teer punt. My grondbedekking is maar eil. So as jy dit versteur sit jy later met niks. Weiding in die Boesmanland moet baie goed bestuur word, want daar is nie om mee te dobbel nie.

Versteuring en oorbeweiding kom op dieselfde neer. Daar is net eenvoudig sekere plant spesies wat nooit weer terugkom nie. Net suurgras, wat geen voedingsware het nie. My plaas het gemengde veld, gras en harde veld met baie gannabos in, wat ek nie graag versteur wil hê nie.

Die Boesmanland is seker een van die plekke in ons land met die skoonste lug. Dit is ook een van die plekke waar jy rus vir jou siel kry. Geen geraas, net jy en die natuur. Dit is waar jy baie naby aan jou skepper leure. 'n Lekker ontvlugting, maar 'n harde wêreld.

Ons plase in die omgewing is almal binneplase, geen toegang vir niemand. Net die eienaars wat daar boer. Alle plase in my omgewing is gesluit. Die serwetietpad stop by my. Dus is daar geen deurgang en geen diefstal. Ons wil dit baie graag so hou. Die punt wat ek wil maak is dat as daar kontrakteurs op die perseel is, die diefstal sal begin. Ons weet almal hoe werk wat.

Ek het in beginsel geen probleem met mynbou nie. Ek kan ongelukkig nie toelaat dat my plaas waarvoor ek so hard gewerk het en soveel geld spandeer het, omgedolwe word en verniel word en dan aan my terug besorg word nie.

Ek praat van ondervinding. Ek het op my vorige plaas ook Mangaan laat myn. Hulle sou die plek weer rehabiliteer, wat nooit gebeur het nie. Dit sal nie weer gebeur nie.

Met vandag se tegnologie is daar baie gesofistikeerde toerusting wat kan optel water grondstowwe daar is. So maak seker dat julle weet waarna julle soek met die vliegtuig en toerusting. Dan kan Black Mountain my en my mede boere uitkoop. En ons kan ons elders weer gaan vestig met dit waarvoor ons so lief is en 'n passie voor het.

Met dank

H.N Schrijvershof.
